"THE BIG "FAT" BOOK"

This is a two-part class with lots of work in between and is definitely not intended for the timid. In the first class session (Sep 30th), students, along with their instructor, will select a theme for the big FAT BOOK. At this time, students will receive their blank cover and page materials. Following a group discussion, all participants will complete pages independently for both the cover and the pages in their own "design studios". The number of pages is dependent upon how many folks register. All pages, which will equal the number of registered participants, need to be identical. Participants may add to, remove from, as well as add dimensional ephemera to each of their pages.

All pages must be completed by Nov 17th. The group will then meet for its second session (Nov 26th) to exchange pages and bind their book. Pages may be combined with another group depending upon the registration, thus insuring each participant gets a great big FAT BOOK.
